THEY WANT ANNEXATION.

Statement by Member of Porto Rican Junta in New York.

Senor P. De Castro, one of the prominent members of the Porto Rican Junta of New York City, when asked as to the attitude of the Junta, said:

"When that Junta was organized we were pledged to secure the independence of the island. That was more than two years ago. Such a thing as annexation was not discussed, because Spain was not at war with America. Since that war, however, all our people are with America. At a meeting on July 12 we decided to assist the United States unconditionally. The majority of us are in favor of annexation. Any talk of the revolutionary party of Porto Rico resisting the invasion of the Americans is nonsense. I was at the meeting held on July 12 in this city and never heard such a threat."

"I have grave doubts of our ability to make a republic of Porto Rico, fearing the effort would mean internal strife, but annexation would be successful. The majority of Porto Ricans in this country are heartily in favor of it. There are some few against annexation, but none who would counsel resistance to it by force of arms."

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. But do not for a moment think that the Anchor Saloon is just like them. Liquid refreshments, to be refreshing, require a certain dash of skill and experience in the mixing. Carlyle and Andrews make a great success in this department and stand ready to satisfy patrons in the matter of Seattle beer on draught, as well as all the best brands of whisky, viz: John Dewar's Scotch, O. P. S., etc., and from a full line of other liquors and wines cannot fail to fill even the most exacting and varied demand.

NATIONAL BANKS.

Applications on File for Honolulu and San Juan.

Evidence that trade follows the flag is shown not alone by inquiries as to trade with Santiago, but also by the interest which Americans are taking in everything that relates to Porto Rico, the Philippines and Hawaii. Applications for authority to establish national banks at Honolulu and San Juan, Porto Rico, have already been received at Washington and inquiries have been made in regard to the establishment of a national bank at Manila. First Assistant Postmaster General Perry S. Heath, Fletcher S. Heath and Fred. W. Heath have applied for authority to organize the First National Bank of Honolulu.

Neither application can yet be granted for although Hawaii has been annexed, the annexation resolution expressly continues the laws of Hawaii in force until repealed or modified by Congress, and there is doubt as to whether it will not require Congressional action to extend to the Islands the general laws of the United States. When the time comes, however, that national banks can be established in the possessions of the United States, the first application will be given priority and will have the right to the title of the First National Bank.

Russian Count Sings in Hawaiian.

Among the through passengers on the Gaelic Tuesday was Count A. de Rittich, a Russian, who is on his way around the world. He was the guest of ex-Queen Liliuokalani for a part of the day. Native singing was provided for his entertainment. In the midst of this the natives were surprised to hear him join in the singing like a Hawaiian. He had learned the popular Hawaiian songs in Washington and on the trip over in the Gaelic.

Distribution of Laborers.

The Japanese who arrived here on the Doric have been distributed as follows:
